

## **FlexiPacket Radio with IDU Hub 800, FirstMile 200 - Field Installation and Commissioning (FPR1.3EP1/ FPH 800 2.0/ FM 200 2.0) (FT4299-02A)**

### **Brief Description**

- FlexiPacket FP 20 FirstMile - Field Installation and Commissioning is a course for service. The topics are among others Indoor Assembly Layout and Configurations, External Connections, Indoor and Outdoor installation check, System Configuration and Web Access Management. After completing this course, the participant is able to support the network element in the field and to perform a step by step installation of MW equipment hardware and software components.

### **Target Group**

- Service

### **Learning Target**

- The main objective of this course is to enable the participant to perform a step by step installation of MW equipment hardware and software components.
- Related courses:
  - Course FlexiPacket FP20 FirstMile - Operation, Administration and Maintenance and Commissioning (FT4292)

### **Prerequisite**

- Recommended:
  - Course FlexiPacket FirstMile FM 200/ FPH800 - Operation, Administration and Maintenance and Commissioning (FT4292)
  - Practical OAM experience on MWR equipment.

### **Contents**

- Course introduction
  - Agenda
  - Course portfolio
  - Further offers
- Safety instructions & Before Starting
  - Protective measures
  - Handling
  - Notes
  - PC safety instruction
  - Before Starting

- Introduction
- Split -Mount Architecture
- Connection to a Generic Indoor Device
- Integration with FlexiBTS
- FlexiPacket Radio in stand-alone configuration
- FlexiPacket Radio main Characteristics
- Management System
- Applications
- FlexiPacket Radio HW Install
- FlexiPacket Radio Integrated Coupler Install Quick Reference Guide
- FlexiPacket Radio and Accessories Order Code Reference
- FlexiPacket IDU FM200/ FPH800 HW Installation
- FlexiPacket IDU FM200/ FPH800 Accessories Product Description
- FlexiPacket IDU FM200/ FPH800 and Accessories Order Codes Reference
- Software Installation
  - Local Craft Terminal Installation
  - Install the Commissioning Tool
  - Create a Map
  - Start the Local Craft Terminal
- FlexiPacket Radio ODU Upgrade
  - Equipment Software Update
  - License Manager Tool
- FlexiPacket Radio Commissioning
  - FlexiPacket Multi Radio Commissioning
  - Introduction
- FlexiPacket Multi Radio Solution Overview and Procedures
- Appendix

### Notes

- This course needs access to training lab. The commissioning part can not be performed without test-bed
- This course can be delivered as face-to face classroom

### Duration

3.00 days

### Related Courses: learning path link

- FlexiPacket Radio with IDU FirstMile 2.0/ FPH800 (FPR1.3EP1/ FPH 800 2.0/ FM 200 2.0)

### Max number of participants (suggested)

8
